We are in the process of providing you something today. To be clear, you do want us to send them to you first and not Bob directly, correct?

All,

This is a friendly reminder that if you have any comments on the above referenced document, please provide to me as soon as possible (and cc Bob Piniewski). I know that this is quick turnaround, but please expedite your review. We are currently planning to mobilize to the site the week of Oct. 26, with sampling expected to commence on the 27th or 28th. (heads up Barry Forsythe!)

Thanks in advance for your cooperation and support.

Kindest Regards,

Phil Allen
